

Invisible Dress (Maro Music x Skytech remix) – Sanah

I've been here for some time now
I know now
That I will
Be forever in this place

But your voice it keeps me breathing
Forgiving
Believing
Maybe someday it will change

Uuu Oh No
Uuuu I'm invisible
Uuuu the don't see my face
Don't see my face
It stays the same

An invisible dress
Carry my heart
A way down low
Feel like I drown
An invisible heat
Let me out please
I care about you
You don't care about me

An invisible dress
Carry my heart
A way down low
Feel like I drown
An invisible heat
Let me out please
I care about you
You don't care about me

I look up into thy sky now

And I found
That my eyes
They're more blind everyday
Can you love me for who I am
I'm trying
To hide it
The sadness in my face

Uuu Oh No
Uuuu I'm invisible
Uuuu the don't see my face
Don't see my face
It stays the same

An invisible dress
Carry my heart
A way down low
Feel like I drown
An invisible heat
Let me out please
I care about you
You don't care about me

An invisible dress
Carry my heart
A way down low
Feel like I drown
An invisible heat
Let me out please
I care about you
You don't care about me
